

Tavernier with Conch Republic

Sept 26th & 27nd, 2020

Rated 5 stars by Trip advisor! This is a well run, professional, knowledgeable, and fun dive operation. We have dove with this dive operation for several years, and everyone seems to enjoy them. Large awning- no standing in the hot sun waiting for the boat. Large rinse tanks, and rolling racks to hang your wetsuit, bcs, and gear- which are then safely secured overnight. No smelly wetsuits the next day or gear to deal with at the motel! After the dives, we often go to dinner together.
